Akutex™ FT

La superficie Akutex FT es una superficie única y superior. Está disponible para la mayoría de las placas Ecophon. Esta superficie pintada, en combinación con el núcleo de lana de vidrio, garantiza una absorción de sonido óptima tanto para placas de techo como para los paneles de pared. Para evitar que la superficie sea dañada, se recomienda, no obstante, colocar los paneles a una altura fuera de alcance.

Disponibilidad de colores Akutex™ FT	Coste adicional (sobre precio estándar en color <i>White Frost</i>)
